HIXBURG

My hat is off to the Mayor, Councilmen and business men of Pamplin for showing such American spirit to Gov. Byrd and his party and we were glad to hear his majisty proclaim our town in class A 1—It just takes these Pamplin folk to do things right.

Miss Ailene Davis of Mt. Hope W. Va., is spending the summer with her grand-parents, Mr. and Mrs. J. W. Davis.

Mrs. Colyer Parks was sent to Crewe as a delegate from Olive Branch Church and she reports the work of the churches in good working shape.

We are just unusually dry, never before for over forty years can I recall a time when farmers of Appomattox County did not have a tobacco season during the month of May.

Mr. and Mrs. O. C. Jenkins, of Bluefield, W. Va., stopped over in the homes of Mr. and Mrs. J. H. McCue and Mrs. Ella Swan on their return home from attending the Agents Convention in Norfoik.

Your correspondent spent last Sunday in the home of Mr. and R. S. Jenkins on the upper Appomattox and quite a number of other friends of the family were there and the general impression of the tobacco sign-up was that when the ones that enjoyed the fat of the calf before, sign up, all the old signers were ready and willing to sign again.

Mr. and Mrs. John Rector, and baby, and Mrs. Wright and and Mrs. H. B. Swan, of Bluefield, W. Va., are on a visit to the home of Mr. and Mrs. J. H. McCue.

Our wheat crop is looking very well, but heading out low.

Mr. and Mrs. W. M. Ewing, and family, of Boden, N. C., are on a visit to Miss Ewing's sister, Miss Maggie Hix.

Our school closed here on Wednesday of this week. On account of measles and other sickness and perhaps the lack of interest some parents should take, the attendance has been much smaller than we would like to see it among the children but some grown boys are very attentive and regret that the term is as short as it is, and those boys are in full sympathy with the Oakville gentlemen.

A number of our farmers are so much dissatisfied with the election of the old directors that it is doubtful if they will sign since it looks more like a political drive than a farmers association.

The rich "texture" or heavy paint body is apparent the moment you open a package of good quality paint. It is this heavy consistency that gives good paint its covering capacity per gallon and which lowers the cost of the job.

Hanna's GREEN SEAL Paint is so rich in pigments its can be greatly thinned with linseed oil thus making each gallon "go further." The cost of paint is the price per square yard of covering capacity not its price per gallon.

See that your painter uses GREEN SEAL.

Birthday Payty

Little Robert Edwin McCray, the only grandchild of Mr. and Mrs. R. E. Caldwell, Sr., celebrated his first birthday Sunday at the latter's home. "Bobby," as he is called, enjoyed looking at his birthday cake with one lighted candle and playing with many new toys. He received many nice gifts.

It was also a reunion of the Caldwell family.

Those present were: Mr. and Mrs. C. O. McCray, Mr. and Mrs. F. J. Bohn, of Roanoke; Mr. and Mrs. E. M. Schaubach, of Crewe; Mr. and Mrs. H. B. Marshall, Misses Jane and Grace Caldwell and many other friends.

Lavinder—Goin

Last Monday evening after the graduating exercises of the Appomattox High School Mr. Thomas Lavinder and Miss Inez Goin were united in marriage at the home of the bride's great uncle, Mr. D. T. Wooldridge near town. The bride received her diploma and husband on the same evening. The bride is the attractive daughter of Mrs. Willie Goin and the groom a son of Rev. J. B. Lavinder, all of this place. Tom is one of our popular young business men and the bride has a host of friends who wish the pair the joys of a happy life.

They will arrive on the 10 o'clock train from Farmville, and go at once to the Old Court House, where a program has been arranged in their honor, after which a dinner for the entire party will be served on the grounds. Latest Perfection Cookstoves

Look for this sign — 1926 Models Oil Cook Stoves and Ovens — Perfection Demonstration — All this week — Come in! — *in store windows*

All this week you can see practical demonstrations of the Perfection Stove six famous cooks have tested and endorsed. Look for above sign in store windows. See the stove today and judge for yourself what the experts approve. Prices and sizes to suit every need.

THIS PERFECTION is the model the six famous cooks used in their tests. It is being demonstrated today at all dealer's, along with other Perfection models. See its actual performance with your own eyes. You'll be convinced the experts are right in endorsing Perfection Stoves!

Cooking begins when you touch a match to the wick. No time lost in heat generation. Clean, intense heat flows up the long chimneys direct to your cooking. Every drop of oil is completely burned before the heat reaches utensils so they are kept clean and unstained.

Each burner is independently operated and capable of every range of heat. You can bake, boil, broil, fry and simmer on a Perfection—all at one time. Adjust the flame for any cooking process and it remains as you set it. Be sure to see the Perfection demonstrated today. In size from two to five burners.

Glass door oven. Baking always visible. Browns both top and bottom due to rapid "live heat" circulation from 108 holes. Special catch seals door perfectly, saving heat for baking. Get a Perfection oven heat indicator, also. Don't guess at oven temperatures.

Ideal stove for camping. Fast Perfection burner, protecting wind-shield, ever cool handle. Stands firm on circular base. Won't tip easily.

Four pieces of tempting brown toast quickly made at one time on this Toaster. Handle is always cool.

Add variety by broiling meats in a Perfection Broiler. Cooks on both sides at same time due to special construction. Turning unnecessary. No juice can drip into flame. Easily cleaned.

Superfex range with fast-as-gas burners and built-in oven. The stove for those who want the best. Warming cabinet easy to clean and prevents grease spattering walls. One of many Perfections being demonstrated today.
